Dear Mr de Lászlo

I am sending the
two copies to Oxford tomorrow,
and I am going out of
town till Tuesday evening
I shall be leaving London
again on Friday morning
early for Fowey in Cornwall
where I propose staying
until I have finished
the miniature for

Lady Valentin.

I have been unfortunate in missing you, each time I have called at your studio. My address in Cornwall will be St Catherine's House, Fowey. Should you have any more copying to be done and would write to me at that address I would take another studio in London. If you would prefer to see me before I leave town I could call on Wednesday.

on Thursday afternoon
if you would let me
know which suits you best

Yours truly
Frederick Bullen
