Dear M^r de Longlo -

I am writing to wish you
and M^r de Longlo' every good
wish in the New Year, and all
the Luck that you can possibly
think of.

We have only now returned
to Town - my husband has
been very ill & depressed all
through the holidays, but has
at last seen a doctor, who
says that he is suffering from
acute neurasthenia - (which I
believe means his nerves are
all wrong - though I don't
quite understand.) At any rate,
we are leaving Town quite

shortly for Jersey, + there
we shall lead a very "Simple
Life" indeed, + if that does
not cure him - I am afraid
there is nothing else to try.

Please forgive me for
writing all these details, but
you were kind enough to
say you would like to
hear.

With kindest regards
to yourself + Mr. de L'Isle.

Yours very sincerely
Charlotte Almon.
