Dear Mr de Lászlo

I send herewith a letter about myself. You will note that I have given my father's address at Canterbury where I am shortly going to stay and which is a fairly permanent address.

I hope to come and see you to-morrow afternoon after the light has gone so bring your photographs of Lawson Wood's house. If this would be inconvenient with you please let me know.

I am afraid the enclosed letter is very long; but I find it somewhat difficult to set forth my life in a few words. I had it typed as it makes it so much more readable.

Please accept my very sincere thanks for all your many kindnesses.

Yours sincerely
W. Franklyn Bellmore
