Dear Mr. De Laszlo,

I am much obliged to you for your note in regard to your portrait of President Roosevelt. I am forwarding your remarks to Mr. Jenkins.

Mr. Jenkins informs me that he has delivered to Mr. Laib all the negatives that were received from him. In Paris there are some positives (not negatives) which were sent to him there by Braun, they are on large sheets of glass and the transit would be difficult and expensive. As they are of no value, Mr. Jenkins does not presume that you will require them.

Yours truly

Roger Lippin
