Dear Mr. Dagle

I wrote to Mr. Richardson & told him you would in all probability write to him, so if you are still thinking of the school it would be wise to write & ask him for his prospectus terms etc. as he is being full up with the boys - I don't think he would write until he hears from you.

I feel sure you would like the school, there is such a wholesome tone about it.

I am just back from a hurried visit to Scotland.

I am very sleepy after a night journey. So please forgive a very "rambly" letter!

Yr sincerely

Wm. Gordon
