My dear Mr. László,

The "Tofo" has arrived
safely (forwarded a pm Hamilton)
& I thank you most heartily. It is
splendid & will always be a most
prized possession, all the more so
for the inscription in your own hand.
I am so delighted to have it that I
do not regret my impudence in
asking! A drawing of mine which
you shall choose is at your disposal
in exchange. Perhaps you will not
mind waiting till my exhibition closes
as then I shall have ^{several} ~~more~~ to choose
from & you must come & pick it out.

if y- will.

I hope y- will see my "skew"
hope it does. it will be for another
fortnight or slightly more.

I have much pleasure in acting
by cheque of £2.20 for your table
at the Artists' Benevolent Fund Dinner
I wish I could attend. but fear I
cannot as I shall be away then.

A thousand thanks for the table
- it is a grand reminder of the man.

Yours very sincerely

S. T. Reed.
