Dear Laszlo'

I lately received a complimentary letter from The Hungarian State Secretary of Art thanking for the books we sent him & begging me to give you his greetings.

We have also received - in an indirect manner - an invitation to exhibit a set of pictures at the "Frühjährigen graphischen Ausstellung des Neuzzeit Salon". We should like to

to exhibit. Those of the originals
of the book illustrations which
remain in our possession - & also
other work we did in Hungary - in
Budapest. May I ask you to
be so kind as to give me the
benefit of your knowledge, as we
have no notion what kind of
exhibition the one above mentioned
is. It would naturally please
us if there was a chance of some
of our work remaining in Hungary
we are having a mild

winter here. I hope London is
not as dark as usual -

With very kind regards from
my wife & myself I am

Sincerely yours

Adrian Stokes
