Miss Wrenne portrait

FINGEST GROVE,

NEAR HIGH WYCOMBE.

Nov 28. 1912.

Dear Mr de Lacylo.

I have only been in London for
two rushed days of Xmas shopping &
could only go to yr studio rather late
yesterday with my sister. Your kind
patron maid let us in & we both
felt so delighted with dear Miss
Wrennes picture. I confess we could
not see very well it was so dark

12

but it was a joy to see her
face just as she looked at us
so often. I was so sorry you
were not there to thank you.

Also I wanted to ask you
just a question or two about it
10/17 - I don't know about how
much the frame is besides the
£100 queneas for the portrait - could you

please tell me?
also 2ndly may I ask about
copyright - The girls are very
keen to have some sort of
reproduction made so that
they can each have one - + I
don't know what you feel about
it or what your custom is.
This is I fear a very businessy
letter - but I am to see the

young ladies who make the
Committee on Monday morning
so if you could send me a line
to 22 Cheyne Gardens Chelsea

I should be so grateful

I am sorry to give you so much

trouble.

And I do want to thank you for
making such a lovely picture of
our dear school ma'am.

Yours sincerely

RB. Key (with love)

P.S. also may I ask if the picture is ready for going
into the country - or has it still to be varnished or something?
