

Feb. $\frac{22.}{12.}$

dear Mr. Lázló,

I know the Artists' Bencoshes
Institution & have often contributed to
its dinner fund. I had hoped to
take a holiday this year, as the
demands are so numerous - But
I will not refuse Mr Lázló's kind
invitation if he will be content
with only a modest addition to
his Shewards list - In case, when
the exact date is fixed, I am
engaged, that will not affect my
contribution.

I am glad you had a
good time in Budapest.

I have no doubt Mr
Laszlo finds wellbeck pleasant
quarters for practicing - I hope
it may not be long before we
see you both at our table.

Believe me,

Yours sincerely,

Fred. A. White.
