Dear Mr de Lászlo

When last I saw you
You suggested one day round
about July 12th might suit you
to see me and my work
and mentioned 10 o'clock as
the best time. I should
be very glad to bring what
I have done at any time
that is convenient to you

I have a letter from
Miss Coon saying the
Grand Duchess is very pleased
you think the copy a good
one. The family were
moving into their new
house in Regent Park in
a few days when she
would write to me again
saying when the Grand
Duchess could receive me.

I have not yet had
another letter but I think
I ought to let a few more

days pass before writing

Yours sincerely

Frederick Cullen
