My dear friend,

Our dear friends, the Danish Consul in Budapest Dr. Paul Fleischl and his wife are going to spend some time in England. Allow me to recommend them most heartily, to you and Mrs. de Liseló, I am sure, that you will be very pleased to make their acquaintance, both are very interested in Art and would love to see some of your fine portraits. Dr. & Mrs. Fleischl will bring you all our kindest greetings.

I am sending you the English Catalogue of our Gallery.

Jerey

which has been just published. I hope you will like it.

To-day was the opening of the big Spring-Exhibition in the "Museum", but hélas you were not represented. I was so very glad to see some of your beautiful work at the last Exhibition in the "Galerie Sully" and I must congratulate you most heartily. The Indians were splendid and I do hope, that you will send soon again some portraits, everybody was very charmed.

Will you please remember me most kindly to Mrs. de László, my wife sends hearty greetings. I hope you are all quite well.

In true friendship

Yours
Gabriel de Jerey

P.S.

My wife thanks you very much for your kind letter, which we were very happy to receive. Hope to pay you a visit this year.
