My dear Laszlo,

I am in London
for a very few days and
return to Danyc tomorrow.
I have stayed here with
my wife's Cousins the
Bonham Carters.

It was a very great
disappointment to us
that Jon and Cousin Lucy
could not bring off
Jon's visit to Danyc
at the time we had

planned it, but on
another occasion you
must surely come.

I enjoyed your exhibition
greatly and only wish I
might have seen it
with you. I was away
from London at the day
of the opening or you
may be sure I would
have been there that day.
I have been busy at
the Guardian Assurance
Office today with

Walter Hubbard, he will
work there nearly every
day this month till
I come & relieve him.

And now my dear
friend, I would like to
send you my true sympathy
in the very sad loss
of your sister; these breaks
in the family circle are
hard to bear and seem
to come so much more
frequently as we grow

older.

It is really splendid
to hear how much
Henry has distinguished
himself and also of
Paul's great success at
Rugby.

My family are of course
at Daxby and all
well - Nemone is in
camp - in pouring rain -
with her Girl Guides

My affectionate greetings
to Cousin Lucy & yourself
Ever yours
J.R. Barfow
