LION MANSION HOTEL,  
BRIGHTON.

My dear Mr. Laszlo  
before leaving  
here yesterday I wrote  
to my friend, and told  
him to get Mr. de  
Laszlo some of my  
Favorite Arithmometers,  
if he could  
they are such nice  
things in a room, as  
they are original  
and ~~last~~ so will

(They come from the  
Pottschelal Gardens)

NOTHING

When I got to  
Belgrade I saw  
I found a your letter  
having been forwarded  
from Staffordshire  
My wife says  
she so much hopes  
to meet you and  
W. as I as to go if  
you ever motor here  
don't forget to telephone  
so we can be in to lunch or tea

I picked up a full  
length portrait to  
Bhis Uev (for a song)!  
The other day here  
I should like to show  
you - I had quite  
a success at the  
Garden Party! H. M.  
coming up to L.A.R.  
to ask after my  
wife, greatly to the  
disgust of some  
friends near me!!!

I thought the refreshments  
very well done, as  
there was plenty left,  
but I must say  
don't speak of  
Lyons using it!!  
Did you read about  
my height in  
Saturday's daily  
Graphic! at the  
American party.

Yours cordially,

J. C. Tower
