Dear Friend,

Thanks for your letter
of Aug. 6th. I am glad you leave
soon for Norway: this will be
a good rest for you - and you
can bring back some interesting
studies: boats in harbour and
that sort of maritime pictures
should be amusing - for your
future exhibitions -

The luncheon with Sargent
was very nice: I was surprised

P.S.

I had left a golf shirt in Weybridge
and they were to send it back at
Fitzjohn's care. I had asked Mrs de
Lugge to be kind enough to forward it
to 42nd St. N. York.

I hope they send it from Weybridge
as it is a club to which I am
accustomed...

to find a man looking comparatively
young - I went afterwards to the
Rath gallery and saw those fine
pictures of the Werthimer family:
surprising that those pictures had
be some so many years ago - by
that man still so fresh looking.

I received a long letter of Henry -
I think we shall do good work
with him.

Here I am resting, reading and
golfing. The boys and biscuits
are banned by the sun - bathing
and sportsing.

Good to see you end of September
Ever yours
family
