Happy Xmas, dear friend
for you and your family -
and many thanks for your
kind letter -

We are not yet in Bois-Bouillon
having only Saturday, for a
few days there, when the boys
will shoot.

I shall be glad to have Hungary

begin in February - There is a
lot of work for him.

San Salvador is a nice place
and you will have a good
rest there - There are 2 golf
links, I think, in the vicinity,
neither very good, but
enjoyable all the same.

Mr. Miguel de Guabe (mexican)
asked me when you were coming:
he wants you to paint his
daughter, good looking: write him
a word 16 Place des Etats - Unis
Paris - to let him know when
you are coming, in April.

I have seen nobody of the
Perrin - Brent lot - since you
fainted the old beauty.

Happy wishes to you all

Yours

Frankly
