Dear Sirs,

Mr. P.A. de Laszlo has asked me to write and say that in 1908 he painted the portraits of the late King Edward VII and Queen Alexandra. He is not quite sure - but he thinks that you made the reproductions after his portraits and the pictures were sent through your representative here at that time, and I understand that he is still over here.

May I ask you to send a photograph of King Edward's picture, and Mr. de Laszlo hopes a smaller edition, because he recollects that they were rather large prints. The photograph is needed for the frontispiece of a book which the following gentleman is writing:-

Herr Dr. Sigmund Muntz,
Reiniger Strasse, 23,
WIEN, III. Austria.

Please send the photograph direct to him and your account to Mr. de Laszlo at this address and, at the same time kindly acknowledg this letter.

Mr. de Laszlo would also be glad to have Mr. Levi's address which he has mislaid.

Yours faithfully,
