My dear Philip! Scitovsky's

I hope my previous letter will reach you in best health and in brilliant spirit in your beautiful Paris studio. I am as well as Charlie we all are thinking very much in you and in Lucy - as it is just the anniversary of your last Budapest sojourn, when we enjoyed so much your dear company.

The Report of Hungary Admiral de Horthy gave with greatest pleasure his consent, that his big portrait

professors are belonging to the U.  
"Rings Class". So Kaitovsky got  
the maximum. And as he is Komunist  
Government "he is Miltis's hi"  
I hope he will thank to you. I'd not  
go to see him, since a year as he  
d'not behave nicely, nor his wife  
to you. He can thank publicly to  
you his appointment. Your two  
big presents will be sent from  
Stockholm to Göteborg and Malmö.

Paul will try to see the MSS and  
the Munich-copies. I am sure Regent  
Lortie and Count Petrus will send you  
with dedications a copy from each.

I am immensely occupied in my  
office and see my family only to  
lunch and dinner. My kind  
regards and best wishes to dear  
Lucy. Many greetings from Edith and  
Charles. To Kaitovsky, yours very  
truly Stephen Baring
