My dear Mrs de Lazzlo

Very many thanks for your  
phone message which was duly  
reported to me when I got home last  
night — I had to be in town yesterday  
to interview a publisher. I shall  
be delighted to come next week but  
at the moment I do not know  
whether I shall be coming up on  
Tuesday or Wednesday as I am  
waiting to fix up an appointment.  
Would either day be squally con-  
-venient for you? I am glad to hear  
that the great man is home again  
and I hope he feels all the better for  
his rest. I am looking forward to  
seeing you all after what seems quite  
a long interval.

always yours sincerely

A. K. Baldry
