Dear Mr. de Laetlo,

I understand that the reproductions will be published in The Graphic on Friday and that a full page will be given to the portrait of the ex-Queen of Greece. I tried to press into the little space at my disposal the outlines of an essay which I intend to write for another magazine. I shall be back in London on Saturday and hope to see you soon after.

Yours very sincerely  
F. L. Leppin

I shall not fail to call on Mr. Ferguson if ever I am found home.
