My dear Dr Langh

Thank you so much for

your letter. As I shared

in your sorrows so do

I rejoice in your triumphs.

I fear I could not refrain

from blowing your trumpet

for you here when there a

funny mixture of London

Society Dames trying to

improve or preserve their

figures. Car Lady

Stratford, Countess of Huntington
Hon Mrs' Ronnie Greville Lady
Sarah Wilson Lady & others
& many others. I hope
I have committed no
indiscretion talking of your
distinguished popularity.

Now you must rest &
store up nerve power.

We are having wonderful
weather here glorious
sunshine & the forests
are perfect.

Will you please my

homages give to madame
De Laage

Good luck & God bless
you & yours.

Love to Scottie

Yours very sincerely
Charles: Lunde
