

SOUTHILL PARK, BIGGLESWADE,
BEDFORDSHIRE.

5th.

Dear Bee.

Yes we are only 20 miles from
Cambridge. So do arrange for Freeman
to shoot on Monday, and go
over to Cambridge from here.
He shall be shooting in the
Park so not far - and we could
either send him over - or
arrange to hire a car for him
from Cambridge -

So wait and say you certain
that he can do that -

how I wonder if you or

and is the very high muse I
have ever come across.

They aren't what you call
dunces & gentlemen, but they
are splendid people - capable
and simply desperate now for
a job. I wonder if Freeman
knows of anything in how
you him? - Don't bother to
write to me about this, but if
anything could be got for him
I'd be eternally grateful. He
obviously is a good man at
his job - as otherwise the army
would have discharged him
directly the war was over. ^{but}
they keep him on you see till this

kept on her the work office after the
war - & sent to India. Then back here
and then out to Newport. Now he
is home. and discharged from the
army, and simply desperate to
get a job. He is 49. very strong.
Never had fever or any illness.
When he was in India. and can
stand the heat - He would not
mind going back to India.
In fact I think he would like
to. His wife is a nurse. She
nursed me and the children
through a good many illnesses

Freeman can keep me with
something.
