My dear Dr Laszlo,

Your portrait now
hangs on our wall &
the more I see it the
more I realise its force
& power. It will be
such a constant pleasure
to Hilda & me to have
the companionship of the
two beautiful examples
of your art which you
have so generously
bestowed on us. I feel
I cannot thank you

enough, as I said
before, but I must
tell you again now that
the picture is how
much I appreciate it &
value it as a token
of your friendship.

We are both very
glad to think that
tomorrow if you &
Mrs De Laigle are
going off for a holiday
& hope you will have
a really good rest &
return thoroughly rejuvenated.

When you can back
we look forward to
seeing you -

Yours ever

Rhona Guest
