Dear de László

I refused the kind invitation to your Banquet much to my chagrin and because my excuse is a very real one, and I have a House-full for shooting, and my guests arrive that very day. I assure you I am very sorry, and I wish so much that I could have accepted.

Will you please let me have a photo of your picture of Mrs van der Eyl.

We send you our congratulations on your son's engagement. With kind regards from us both to your wife.

Yours truly
Albemarle
