My dear Mr Laszlo.

It was such a great pleasure to me to have such a kind and charming letter from you, in the last hours of poor 1930, which left us, I fear, unrecruited and unarmoured, ably assisted I fear by His odious Government. Yes, I had returned the two little lamps for Mr Stephen, for an ^{Electric} light on the back of

his bed. but if you and dear
Lucy could use them, I must
say how proud I should be
and I shall send Mr Stephen
another little gift

I am looking forward so much
to being present at his wedding

Please give my warmest congratulations
to Mr Stephen and my love to dear
Lucy and a little for Yoursel

Always sincerely yours
with my best wishes for 1931

Maury Lloyd
