My dear de Kerylo.

I was very sorry
to have to send you a telegram
this morning to tell you that
I was not well enough to come
up to town -

I have had a cold and chill
on the liver and this has left
nausea, pain, & other unpleasant
symptoms, and the only thing
that gives relief is warmth -
The fog here this morning was

very thick so I dare not risk
getting chilled -

I am more than sorry, as I should
much have liked to have supported
you at the R.B.A. & I wanted
to see you about other matters -

My wife tells me you have
kindly consented to allow your
name to be added to the list of
patrons of the East Sussex Arts Club
& have promised to send us a picture
in April, this is very good of you
& I thank you most warmly -

Your distinguished name & support
will be a great help & encouragement

to the Society & I will inform
my Committee of this at once,
they will I know write a
express to you their thanks
& appreciation.

If weather conditions improve
I hope to be well enough to come
up next Wednesday; I will
telephone to see if you can give
me an appointment.

My wife joins in kindest regards

Yours ever

Edward T. Atney
