My dear de Lazlo,

Your kind
letter from Paris only reached
me yesterday, many thanks
for it & for your sympathy
with regard to my wife's illness.

Since seeing you at the R.B.A
meeting our plans are changed.
I am very relieved to say
the doctor found my wife

So much better that we
can put off our holiday for yet
a little, & this enables me
to attend the Banquet & Private
view; I much hope both functions
will be well attended & that
all the trouble you have had
over the affair will be appreciated
by the members.

We are so glad you had a
nice restful time at Bayrolles
de l'Orme & afterwards the Tyrol
& Venice, I should much like

to see the portraits you painted
in Paris. I perhaps you will
be able to show them in London.

My wife joins me in heartiest
greetings & every good wish

Yours ever,

Edward Tattley -
