My dear de Veyls,

Thank you so much
for sending me the Tijaro
with reproduction of your
charming portrait of the
Marquise de Merite, so
graceful, & a beautiful
Colon scheme - I delayed

writing until I could tell
you of the visit of Lord &
Lady Stradbroke - I am
sure you will be glad to
hear they are both delighted
with the picture, and do not
wish it altered in any way,
I must however work a
little more at the back ground &
should much like you to see
it before it is sent to Henham

Hall; I fear however you
may have so much to do before
leaving England on the 15th that
it is doubtful whether you can
spare the time to come here,
but if you + Mrs de Lorgo
could manage one day we
should be so very pleased to
see you both -

Your letter gave me very
interesting news about R.B.A.

matters, I much hope the
Autumn Exhibition will be
a great success, but am sorry
Two Modernist members were
elected to the Council. Voting
by proxy or post card would have
prevented this.

My wife joins me in kindest
remembrances to you both, & much
hoping to see you.

Yours always,
Edward Tattley.
