Dear Mr de Laszlo

You are quite forgiven.  
I have done such a thing  
myself before now! I  
shall be very interested  
to see the portrait when  
it is done. I went to  
see Mr Schubert at Suffolk

House - but did not find  
anything especially interesting  
except that lovely interior  
of a Venetian Palace by  
you! A wonderful splash  
of colour & reflections.  
There were also some  
attractive drawings - but

nothing much to remember.

Pamela & Denis are going  
to Entolham a living party

of 9 in their dolls house

at 9 Pine Walk

Caschello's Beech

on Friday! The house has

a lovely country view at the

back & Pine woods round

it in front. not bad for

one of the newly developed  
little suburbs: It is 25 minutes  
by train from Victoria. It has  
been quite fun helping to  
settle them in!

Hoping to meet you again

Sore.

Yours sincerely,

Phyllis Walter
