Roma

My dear Philip,  
I am here since a week, but  
could not get time a day.  
Aristide Sartorio has not  
replied to my letter. Today  
I went to a big exhibition  
and I saw 3 very fine pic-  
tures by him there.

There is here an  
Academy of Sciences and  
for Hungary, they help  
me to find what I want  
but it does not seem to be  
easy. The Hungarian Academy  
is lodged in a fine old palace,  
"Palazzo Folciani". There  
are 18 Hungarian painters &  
sculptors who paint a year here  
to study. They are all ultra  
modern. So I don't care  
much to get in touch with  
them. The weather of Rome  
is just like a pleasure,  
rather noisy. Hope you are  
all well. Love  
from Villem
