

LEO X PONT MAX

Roma 25 Mars 1930

My dear Philip,

I am here and am trying to get some of the people looking at the cars which will be in the city in place of cars. It is very difficult to find a quiet situation all day. I will write when I can do so - if I can. I hope I shall be able to see to it as I am very busy.

I do hope you are well and happy.

With love, Philip
