My dear Lucy

We arrived here this afternoon
after a pleasant but rather
warm journey and the evening,
at the moment, is really lovely.
I hope the weather means to keep
fine while we are here.

Did you see this advertisement
in today's "Times", and do you
think the house would be worth
inspecting?

I hope you will let me have
some news of you and D. while
we are away - our
love to you both.

Always yours

A. H. G.
