

20th, X. 1. 1930

I am only back from Spain where I visited Mrs. C. I. I was absent there on the 4th and I should have been on hand of course.

Mrs. de la S. - Very many thanks for your letter and the card to Mr. Tilche who is very grateful. My only purpose in applying for it was so that she could come to the Private View, but the card did not arrive in time, through no fault of yours, I know and as you say.

I asked for one of those P.C. reproductions of your famous portrait of Lady in the Lex Salon, but I did not need it.

I don't usually call on you when invited. I have considered it an impertinence to come at any other time.

I hope you are all well.
Very sincerely,
Charles Chamberlain
