My dear "Maestro"

I am more touched than I can express that Lucy has sent me a cheque of £10 from you for my pictures! It is veritably an honor that they should be in your home, but that you should buy them is still more so for me. I thank you a thousand times, & also for the great encouragement you gave me & for your valued criticisms & instruction, which I shall endeavour to carry out, & progress in the great art of painting.

It did me so much good to be
with you all, & I thoroughly enjoyed
my visit & I feel always as
if I was so "at home" to you &
dear Lucy.

Thank you again dear Philip
