Ol. Qu.

Mein lieber guter Freund!

Anna Marie and Countess Therese in-  
form me, that they had two sitting  
for your great pictures - and they  
were delighted :-

I hope that - In bei näherer Betrachtung  
von Anna Marie nicht ihre Lieblichkeit  
nicht enttäuscht bist und die Formation  
ihrer Nase auf dem Bilde nicht stören-  
wirkt - ? - "Nötigenfalls kann man  
dieselbe mildern ändern!"

My health should be better !. I lost  
to much weight and I look more like  
an old jockey than like a respectable  
general. My doctor and myself  
are disappointed - but I am not pessimistic  
and hope for the best -

I am leaving on the 8<sup>th</sup> inst for Vienna  
to have a thorough examination and

consultation - to know finely what I  
have to do - and to expect.

I hope will enjoy a good holiday -  
amongst your dear family!

" Ich habe keine Nachrichten von  
Irene - die Hand wissen - ?

With my best wishes and fond  
greetings to you and dear Madeline

I remain my dear old friend,

Yours affectionately

old Katie
