My dear friend

I suppose you and dear Mrs de Laszlo are back from Miami Beach at your beautiful home in London and although the climate and surroundings are different, you will be glad to be in dear old England again!

I have been end of this month for 10 days at Lissik with my daughter, whom I haven't seen since August last year - and we both enjoyed our "Reisamusement"! She is now back at Temper in school and returns here for few weeks until we meet again. I intend to take Anna Marie to England about first week of June and have with me young Countess Theres, lily, who is the daughter of Countess Christine lily, who was the greatest friend of my poor late wife! Theres will act as Chaperon and "Bändigerin"! She is a good looking sympathetic girl

of 29 - who was already 1 1/2 year in England  
in a Convent School teaching german language  
and at the same time accomplishing her English.  
As Ann Marie will be only next November  
16 year old - she must have a Chaperon and  
I hope she and Therese lly will become friends  
as their mothers were.

During my stay in London I will be as much  
as possible 'ingoc' as I am not much  
fit for social duties, and after settling  
Ann Marie's programme for her stay in  
London and the country - I shall clear  
out and go to Bad Hall in Austria for  
my annual "Tod-Cure"!

I hope sincerely, that you and Mrs de Laeflo  
will be after our arrival in London - but  
we may have a chance of seeing you during  
my stay there - London without  
you would be zu traurig für mich -  
da ich mich sehne Sie wie wieder zu  
sehen. wenn es auch nur für kurze  
Zeit sein kann -

In allgemeine Weltlage, ist es schlecht

und ungewiss, das ich darüber  
nichts schreiben will, und hoffe ich, das  
wir auch während unseres Wiedersehens  
über mehr vergnügliche Dinge zu plaudern  
haben werden.

I hope that you and M<sup>rs</sup> de Laszlo and  
all your dears are enjoying the best of  
health.

With kindest regards to M<sup>rs</sup> de Laszlo  
and all yours

Your affectionate friend
