Dear friend de Laszlo:

I returned to New York on Sunday with many happy recollections. My first visit to Budapest was a memorable one and I shall never forget the charm of that beautiful city and the gracious hospitality which I encountered everywhere. I highly appreciate your friendly introductions.

I had the pleasure of meeting Prime Minister Karolyi, the Minister of Foreign Affairs, Dr. Walko, and Count Bethlen, Finance Minister. I had a long talk with the Prime Minister, which I greatly enjoyed. I saw in his palace your notable painting of Count Bethlen of 1927, and the others.

My warm greetings to you and Mrs. de Laszlo. I sincerely hope that you are both well and that you had a pleasant visit to America.

With regards,

Sincerely yours,

Frank B. Rowland
