Dear Mr. László:

I cannot tell you how much my wife and I appreciate the kind thought which prompted you to send us an invitation to the Private View.

It is to our great regret that we cannot take advantage of your kindness today as we have a previous engagement, but we hope to visit the exhibition before it closes.

Thank you very much indeed.

We are so looking forward to seeing you and your wife later on, & I am anxious to

Show you my dear old Father's
pictures.

With kindest regards to yourself
& Mrs. Lászlo

believe me
Yours sincerely
Dwobray Paul:
