Monday night

My dear old fellow: - Yours here on
my return from Mallorca, and I'm
very glad to hear from you. Your very kind
invitation to the Private View of reached
me this morning, but I shall ~~not~~ ^{be} around to
see the pictures this week. I'm very ~~disappointed~~
to hear that of the ~~King's~~ ^{King's} St. John and saw it
in its first state. I told the editor
of the Morning Post that it was, I thought,
just a bull's eye! ^{Wednesday?}
May I come to lunch on ~~Thursday~~
If I don't hear from you before
then I'll be on hand at 100, & hope
we may talk. Usually, you have
to write a letter to me - but

②

At this time let's talk.

The Pilgrims' thing is not yet
ripe. We have a powerful friend in Barratt -
one of the 2-3 on the board, for V. Pres. -

I'll see the Hon Sec, but see if we can
hasten things - but we could not hear
an offer better than Barratt.

I think I'll go ~~for~~ for ~~the~~

John Hassell to second you for
the Savagen & Elsie C. Lawrence,
the latter being the most in-
fluential man in the Club.
Kindest regards to you all &
I'm very proud to have you write

(2)

reminds me of your active life -

your honor from the Brit. Arts & Co

I know before of your election & I

had sent my congratulations earlier -

but I knew nothing in hollow

of what was taking place here. You

gratulated

Very gratefully yours
