Dear Mr Laszlo,

I am going to Hungary. No wonder nobody bothers to go to Hungary. No one here seems to know how to get there, what it costs, which hotels to stop at or anything else.

I expect to spend a week there about 11th September. Is there any chance of your being there?

Have you any great artist whose studio I ought to visit? Anyway, put on your thinking cap as if you want me to go, and talk about the wonders of Hungary when I come back, you must wake up!

*I leave England  
in 3 weeks.*

*Sincere  
S Alec-Tweedie*
