LONDON, E. C. 3.

9 April 1931.

My dear Uncle Philip.

Yesterday I went
to see Exhibition again,
and especially the
three pictures by M.
Lucien Simon. I enclose
draft for your appraisal
of what I propose

to write to Mr. Manson.

If he acts as suggested
& lets. we know
which he prefers. I can
offer the gentleman
in charge at the Exhibition
the £50. & get him
to communicate with
Mr. Siman.

I hope he will
leave the Beta Village

which I much preferred.

I have told young
Masc Feilchenfeld.
that you & Aunt
Lucy want to see
him, & I suggest whenever
it suits you, that you
write or telephone him
here. He is a nice
boy & would get on
well with Patricia

or John.

I return the
charming note from
Mrs Bell, & feel sure
that John will keep
up the family tradition
at Balliol.

I have asked the Hungarian
Club for tickets for
Alfilda, myself for
then dinner & to be
put at your table
your affectionate nephew
J. —
