

8th December, 1932.

Dear Mr. Stamp,

I received your letter, and am glad to know that Mr. Finlay will show the photographs of the 18th century cabinet to the Ambassador. I hope you may succeed in selling it to Mr. Mellon, it is a very fine cabinet. I wish I could possess it myself, but at the present hour I cannot think of any purchases of the kind, I have so many things to do which are more necessary.

Whenever there is a chance I will show your engravings which you left with me, and I do not need to say how pleased I would be if I could be of some help in this matter.

Believe me,

Yours sincerely,

Ernest Stamp, Esq.,
