

21st November, 1932.

My dear Ethel,

With some haste your charming and appreciative letter I received a letter from the Chairman of the Victoria Hospital for Children, Mr. Ferard, and I must say it was a very nice letter, full of gratitude.

I am happier than I can say that I am able to meet your desire and the suggestion of Mr. Ferard. He says himself that you and Ethel are so very helpful to the Hospital. To have made you happy - and I feel that it is so - is in itself a great reward.

My faith that the presence of the Prince of Wales will help the cause to achieve a purpose.

As I wrote to Mr. Ferard, the canvas will be sent in a frame, and Mr. Mayor will pay for it. I am sure that he will know how it looks. Let us hope it will raise a large sum, and we both look forward to being present on that occasion in your company.

We were so pleased to have you both here the other evening, which I hope you also enjoyed.

With our united greetings and love,

Yours affectionately,
