

Victoria
Hospital.

18th November, 1932.

My dear Alford,

In reply to your request that I should offer a blank canvas to be auctioned on December 8th in aid of the Victoria Hospital for Children, I will gladly do so. I know the great needs of this noble cause, and I am glad to have an opportunity to help for this reason as well as because of the great interest you and Sam take in its work.

I hope to hear from you, or from the Chairman, later on, and will communicate with them in time to let them have the canvas, which I will frame as it will look so much better. I will also let them have an easel for the occasion, to show the canvas on. The canvas will be Kit-cat size.

Hoping very much that you will be successful in raising a substantial sum for this good cause,

I am,

Ever yours affectionately,
