Dear Mr. de Laszlo,

I thank you for your letter of the 10th instant, and shall be much obliged if you will accept the enclosed ticket for your son.

I shall be glad if you will kindly send the canvas here, and certainly agree that it would be well if you would send a collapsible easel for it to stand it. I consider it would be advisable to put it in a frame, and when I sell the picture I shall mention afterwards that the frame was not included.

Thanking you for your good wishes, believe me,

Yours sincerely,
