Dear Mr. de la Roche.

I was so glad to hear your good news, what a relief to be once more a united family after the nightmare of the last 15 months. - I am so sorry for the delay in answering your letter, but 95 is now a club for Canadian tourists & your letter reached me in Scotland. Tomorrow, I go to 18 Carlton House Terrace the Actor's house - all into the top floor is given up to offices. but it is any how a relief. I absolutely failed to find a house I could take in London. -

I have been much interested in reading your enclosure. It is? by a final vindication. What a pity it could not have been produced before

it might have saved so much  
worry - I am retaining the copy  
in case you need it. Thanking you so  
much for letting me see it.

What a joy to see Mr. Dyson  
husband Dyson back to his painting.  
What a comfort to think he is regaining  
his health. . . Please forgive this  
un tidy paper - I have been short.  
London is driving so cold. I am thinking  
of getting about. . . All good wishes to  
you both.

Yours sincerely  
W. M. M.
