18th Sept^r 1916

Dear Mr de Laszlo.

When you finished my
portrait in the Autumn of
1914 you told me I ought to
have it revarnished at the
end of two years and my
recollection is you said you
would kindly do it yourself.

What would you like me to

do about it. I shall be
going away on circuit for
about three weeks from the
13th unless I could
be sent for and varnished
during this period I should
be greatly obliged as my wife
is so fond of the picture
she does not like it to be
away when we are at home

I hope that you Mrs de
Larzel and your children
have had a charming
holiday I know you would
want it as I have heard
how busy you have been.

I saw a beautiful
portrait of you of Mrs
George Sandys at Grafton
the other day

Would you kindly answer
This to the above address as
we are staying in this
beautiful place for another
Ten days

Yours sincerely

Gardner Howdye
