

# Tintoretto Fund

17th May, 1924.

I have received your letter and much regret that I am unable to add to the Fund for the Tintoretto picture, but I have such unexpected expenses and high taxes to pay that I am unable to do as I would like in this case. I only hope that the Art Collections Fund will succeed in getting together the necessary money to keep this fine work of Art in the country, but in any case I will promise to mention the matter to friends who may take an interest in it.

Yours sincerely,
