Prompt attention given to  
all jobs. Distance no object.  
Reasonable Charges.

Dear Sir

I beg to remind you that I am making the stand to raise curtain up and down for purpose of screening light for Studio, which you gave me the order for 2 weeks ago.

You stated at the time that you would require it in about 3 weeks time.

I have several times been to your place for purpose of moving in the old Sicilian box from back Studio in to the Hall in house, but on each occasion I did not find Dean about, this being the reason that I did not move the box.

However, should you require me for anything at all I will come if you will let me know.

Yours Respectfully

P.S. I am herewith enclosing some of these patterns in connection with house decorating, painting etc. I have in stock a complete assortment of choice paints and wallpapers which are manufactured by the most reliable firms in London. I have arranged with several first class Workmen who will assist me in the coming Spring cleaning Season.

G. Alfred
