Dear Mr. de Lacy -

I have been your house on Sunday so called on the chance  
of seeing you but you were painting.

I am sorry to say I have had no success in finding you any old  
oak paneling suitable for your smaller studio although I have tried  
about half a dozen firms. I should think you will get it unless you  
like plastered paneling - which is not suitable for the building.

I enclose a rough sketch of my suggestion of dealing with it  
which I got out after meeting at the studio to see how much was required.  
You would have the oak treated to look exactly like old oak.

I should be very pleased to call and discuss this.

I checked to see if the old stone columns though I have tried  
looking to my London contractors and one at Bath.

I enclose a letter from Sanders and Co who suggest making these  
in artificial stone. Would you like me to get a quotation?

With best wishes for Christmas and to Mrs. Green  
from all your family

Yours sincerely  
G. Berkeley Wills
