

Mr. C. acted on his
own judgement, disregarding
Mr. de Laszlo's objections
~~the~~ when she saw
~~violence~~ was big substitu-
tion for ~~word~~ blocks.

Mr. Baidy the dict
critic was present
~~in the second~~ when
she objected -

When I returned from
A. + in art criticism
~~also~~ objected -

first Mr. Cooper
denied that he ~~planned~~

a roundabout of
was opened when I
suggested he ought to
have informed me
first before acting.

After 6 months com-
pletion of the building
it was my this morning
I am sure that the
builders came & did their
work most satisfactorily
I mention Mr. C.
his representative

have come to look
over the work ~~was~~
~~has done~~

I intend to be away
in the month of Feb.
When I work to have
● matters are the best
put through right,
Before I leave,
I wish to have
either Mr Cooper
~~here~~ ~~but~~ ~~it~~
or a representative
● other than Mr B.

to whom I can show
myself to which I
object, before I leave.

Besides cracks,
there are other matters
they did not put
● out.

Regarding the
The reconstruction of
7th & 8th Av. Mr
C. has acted very
superficially.

There was no man
● here of understanding

To direct the work -

~~Lead~~ Painters & decorators
were ~~put~~ ~~convinced~~
worked here for about
3 weeks before the
electricians ^{called} ~~the~~
~~best~~ engineers put
radiators cut thro
walls floors etc.

~~Afterwards~~
walls were painted
in time preparing the
foundation + the
painting is breaking
off - This was done

in the face of my
objection to this super-
ficial method to
~~Mr. Bennett~~ Mr. C's

representation -

The same R-

● admitted that ^{loss} ~~the~~
flavors will be
~~fixed~~ properly fixed
down - ~~this has~~

This remains the

same & must be

included in the ~~my~~

● oil outflows -

I wish you kindly to
state those facts
with the accompanying
charge to W. C.
